WICKED WINNIPEG.

THREE CRIMINAL CASES REPORTED.

Thieves make a big haul from a jewelry store—Attempted Outrage—Highway men again

Bulletin Special.

Winnipeg, April 17.—Winnipeg is rapidly getting into Chicago's class, three desperate criminal cases being reported yesterday, a big robbery, a brutality by highwaymen and an attempted rape in broad daylight.

On Saturday, about 1 p.m., in the busiest part of Main street, Dingwall's jewelry store was full of customers and, when the crowd cleared a show case was discovered open and a tray with a dozen valuable diamond rings pilfered, valued at \$6,000. There is not the slightest clue to the thief. A similar case occurred at Thurman's store during the winter, when equally valuable stones were pilfered. There is no clue to that case, either.

Sunday morning, a Jewish waitress in the Ottawa restaurant coming to work over the big Louise bridge was eluded, caught, thrown down and gagged by a couple of ruffians but the arrival of several laborers frightened off the ravers.

Sunday night a man and woman were driving in Crescent Wood in a buggy, when armed highwaymen rushed to the horse and overthrew the rig, the fall breaking the woman's leg and otherwise injuring her. They then put a pistol to the man's head, but the screams of the injured woman brought people around the Crescent before the things could clean out their victims.

A Jewish merchant was also held up and beaten in the north end.

Mr. Robins 3.
Mr. Percy Hardisty 2.
Mr. C. Smith 6.
Mr. Stevenson 1.
Mr. Colclough 0.
Mr. Field 5; not out.
Another game will be played on Friday when all players are invited to be present.

HONG KONG RUMOR

OF A NAVAL ENGAGEMENT

Russia now reads the papers to keep track of Admiral Rojestvensky and his fleet.

Bulletin Special.

London, April 17.—There is a Hong Kong rumor of a small naval engagement but it is not confirmed. A German Lloyd steamer saw eight Russian warships in Kamranah Bay. Admiral Rojestvensky may have split his squadron. He is quite out of touch with St. Petersburg now and Russia's only source of information of her precious fleet is the newspapers.

JAP STEAMSHIP LINES SUSPEND.

Bulletin Special.

Tokio, April 17.—On account of the presence of Russian warships in the Pacific, the Japanese steamship lines will discontinue sailing. In any event Japan will probably lose many valuable merchant ships.

ROJESTVENSKY IS BOLD.

Bulletin Special.

Paris, April 17.—Rojestvensky's audacious move is occupying much attention here, as showing the first evidence of a bold initiative by Russia since the war commenced.

STRENUOUS LIFE

IN A NEW BRUNSWICK TOWN.

Mayor and Editor indulge in a mix up on the question of the rights of the Press.

Bulletin Special.

St. John, April 17.—John Hawke, editor of the Moncton Transcript, and Mayor Ryan, of that town, fought on the floor of the council chamber on account of the mayor having refused a Transcript reporter admittance to the council's deliberations.

Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

MONDAY, APRIL 17th, 1905.

JIBES AT EDMONTON.

Referring to the appointment of Mr. Oliver as the Minister of the Interior, the Toronto Mail and Empire, the admitted chief exponent and embodiment of the highest in Ontario Conservative thought says:—

"He represents a constituency which can be operated upon by the election machine owing to the preponderance of the foreign element. The Oliver scandal serves to show that we have reached the top notch in the matter of corruption."

The Disbury Pioneer follows in the same strain:—It is thought that no opposition will be offered Mr. Oliver as he has a big Galician vote which can be depended upon to go solid government."

The Indian Head Vidette goes one better against all comers and says:—

"The riding has some 8,000 voters, mostly foreign, with whose support the government expects to make the Dominion believe that the West approves of his public schools scheme."

The Calgary Herald came to the front with this:—

"The Edmonton Journal very clearly points out that the Galician and other European elements in the district which refuse to oppose the Government on any ground will be quoted as 'the intelligent west upholding the atrocious policy of a sectarian school system' when in fact it is not the intelligent west or any part of it so to speak, that is being heard."

THE CONTROL OF THE LANDS.

On April 5th, Mr. Wilson, Conservative member for Lennox, in speaking of the land clauses of the autonomy bills, urged that control of the lands be handed over to the new provinces, on the ground that their administration cost the Government more than the revenue derived from them. He said:

"Let me give you the figures showing what we have received from the sale of lands and I take them from Mr. Scott's statement the other day. They will be found in his speech on page 358 of Hansard, 'taking the whole period from 1870 to date, he said, the administration of land in the North-West had cost the administration \$687,353.25 in excess of receipts, to which must be added refunds amounting to \$129,950.96, making a total deficit of \$817,304.21. I fail to see how the Government arrived at the amount they are to pay for these lands. And I do not see why they took it into their heads to keep these lands when it costs more to administer them than we are making out of them. I hope the Government will reconsider this question, but I can hardly understand why the Hon. Minister for Edmonton (Mr. Oliver) should declare his perfect willingness to accept these arrangements provided the Government keeps the land for the settlers. We can quite understand his position. The provinces get the benefit of the land so much as they will get the people who will settle on them, and they get the money besides, while we are giving away our lands from time to time but continue all the time to pay that subsidy."

Strathcona Municipal Salary

Rebinder:—Following is a list of the Strathcona town officials in all departments and the regular monthly salaries and wages paid on April 1st.

OFFICE STAFF
A. G. Rutherford, secretary-treasurer and solicitor . . . \$86.66

ELECTRIC LIGHT DEPT.
T. E. Powers, electrician . . . 75.00
S. Macdonald, 1st engineer . . . 65.00
S. J. J. and engineer . . . 55.00

POLICE DEPARTMENT
H. Patterson, chief constable . . . 60.00
R. Macdonald, night patrolman . . . 45.00

OTHER OFFICIALS
Medical Health Officer . . . 15.00
Watchman . . . 15.00

Total permanent monthly pay roll . . . \$426.66

The vast difference between the monthly pay roll of Edmonton and Strathcona reflects no slur upon the administration of affairs in the northern city as there are departments established there which have not yet come into being in Strathcona. However, when we take into consideration that this town has about half as many people as Edmonton the rate-payers of Strathcona have reason to congratulate themselves that they have economical civic government wherein efficiency has not been sacrificed.

TIME TO GET BUSY.

House Cleaning Time Will Soon Be here.

You will want Paint, Varnish, Furniture Polish, Wall Colors and Brushes.

Ross Bros., Limited, have the best assortment of these Goods to be found in any store west of Winnipeg, and you will be surprised to find how simple it is to apply these goods if properly selected

ROSS BROS. buy direct from the Manufacturers, and their long experience in the paint business enables them to choose what is best in material, and simplest in application.

There are so many times that a lady wants to do a little touching up in a room or on a piece of furniture, but does not want to go to the trouble, or expense of engaging a painter. Any man, woman, or child can do a good job with our ready mixed paints, and if you need any directions it is no trouble for Ross Bros. to give all the information necessary. New and fresh paints arriving almost daily.

THEY SELL AN IMMENSE QUANTITY in a season and the continual turnover always WARRANTS FRESH GOODS, which is a very ESSENTIAL THING in good READY MIXED PAINTS AND VARNISHES. Many smaller concerns will say their goods are just as good and fresh, but use your own judgment in this, and common sense will show you the difference.

To those who expect to want wire fence this season, Ross Bros. would like to call attention to the "LAMB WOVEN WIRE FENCE."

Many people will think that one wire fence is as good as another, but there are many reasons why some Woven Fences are better than others. The LAMB FENCE has a lock or fastening peculiarly its own. It is made from the best Galvanized Carbon Wire. Provision is made for the contraction and expansion, and it does not bend or buckle which is so annoying in a great many fences. The wires are heavy and strong, and are made to withstand the pressure or attacks of the largest animals, and any man can stretch it into place. It is kept in 20, 30 and 40 rod rolls, in heights of 24 inches, 30 inches and 32 inches, sold in Edmonton only by

THE USE AND ABUSE OF THE
PULPIT.

Two of the Protestant congregations of the city listened last night to discourses on the educational clause of the Autonomy Bill—or rather on the alleged invasion of provincial rights by that clause. The Autonomy Bill and their educational clause, and as well the maintenance of provincial rights, are important questions, well worthy of the attention of the best and most active minds in the country. It is right and proper that they should be carefully studied, and that free expression should be given to the opinions formed. But, it is not altogether evident that the pulpit is the place from which these or other purely political questions can best be dealt with. In the public mind there is a sacredness attaching to the pulpit to those who minister from it, and to their utterances, that gives special weight to those utterances. This is right, so long as pulpit utterances are directed to those matters of faith and morals to give guidance in which the pulpit was created and is continued in existence. But when the pulpit and the ministerial office are enlisted in what is essentially a political campaign it can only be at a loss to that sanctity which is the great strength of the pulpit and of the ministerial office in dealing with matters of faith and morals which belongs not to the pulpit or to the minister but to the cause which both exist or should exist to serve.

As citizens the Protestant ministers of Edmonton have every right and duty and responsibility of citizens. No one has ever thought to debar them from the exercise of those rights, duties or responsibilities, political or otherwise. If the government's policy on provincial autonomy for the Territories does not meet their approval, the political platform is open to them as to any other citizens. For weeks the government's policy has been the subject of discussion at white heat in parliament, on the platform and in the press. A member of the government is here to answer with his political life to the people of the Edmonton electoral district for that policy. The political platform is open to all citizens, clerical and lay, to discuss the issues fairly or unfairly as may seem best to them. At such a time and under such circumstances to take advantage of the sanctity of the pulpit and of the ministerial office to deliver an attack upon the policy of the government does not appeal to the public sense of fair play and does not make for righteousness by example, or strengthen the pulpit for its proper work.

Protestants have generally flattered themselves that it was only their Roman Catholic friends who were the subjects of clerical domination in secular affairs. But the members and adherents of some at least of the Protestant congregations are in a position from which they cannot longer adversely criticize Roman Catholics in that regard. Protestantism is more a protest against clerical domination in secular affairs than it is a protest in regard to any matter of faith or morals. It jars on Protestant ears to be harangued from the pulpit on political questions in terms which demand for their force on prejudice rather than on fact or logic. Political meetings are being held throughout the district this week. These meetings are in the first place to give Mr. Oliver an opportunity to place the government's policy before the electors. But they are also for free discussion. Any one who desires to take part in them will no doubt be welcome. The electors of Edmonton are sufficiently fair-minded to ensure a fair hearing to any man who may wish to discuss the government's policy at those meetings. Face to face with the electors of all classes, who are the court of final appeal in all political matters to even a greater degree than the pulpit is in all matters of faith and morals is the proper place to make political arguments. Where both sides can be heard without advantage is the place to make political attacks.

PROPOSED CANDIDATES

Delegates were selected last week in the different settlements of the St. Albert local district for a meeting to be held at Morinville to organize a Liberal convention which will take place at some future date to select a candidate for the constituency in the first Provincial elections.

Among those spoken of as possible candidates are L. Boudreau, hotel keeper of St. Albert, A. A. Ring, merchant of Morinville, and Wilfrid Gariepy, advocate of Edmonton.

IN FROM THE PEACE

In from the peace. J. Duley reached the city on Saturday from the far north where he went with Macdonnell's survey party. He left the party on March 1st at the Clearwater River. The ice was entirely out of the Athabasca. Mr. Duley will return to the north in a short time.

OLIVER AT ST. ALBERT

The citizens of St. Albert gave the new Minister of the Interior a very hearty welcome on the occasion of his visit to that town on Saturday evening. He was met about three miles from the town by a procession of Old Timers headed by the mayor, A. C. Debert and Councillor Boudreau. On reaching the town the party assembled in the Boudreau's Hall and addresses of congratulation and welcome were presented by Mayor Debert on behalf of the town and by D. Wolton, ex M.L.A. on behalf of the Old Timers. Mr. Oliver replied with feeling. He hoped that the intimate knowledge of pioneer conditions which he had acquired through long years of struggle in the West would be of benefit to those who had been and those who would yet be pioneers.

A crowded public meeting was held in the same hall at 8 o'clock in the evening. Mayor Debert presided as chairman, D. Wolton, W. Ciest H. Tierney, Jas. Gibbons and others occupied seats on the platform. Speeches were made by Mr. Oliver, J. E. Turritt, M.P. for East Assiniboia, who had been a colleague of Mr. Oliver in the North West council in 1884, J. N. Boyle, Wilfrid Lauey, C. W. Cross and O. Lienney and the chairman. The meeting closed with cheers for Oliver.

LOCAL.

—Train on time.

—Drops—Fair and milder.

—A heavy special came in yesterday.

—The Emerald Nelson Co. came in yesterday and play "Paul Kavanagh" in the risk this evening.

—The officers and teachers of the Presbyterian Sunday school, will picnic at the Hermitage on Friday.

—The Prince Albert Advocate issued a special illustrated edition last week.

—The C. N. R. coal shed has been removed to the east side of the track.

—Several sample rooms are being built in connection with the Strathcona House, Strathcona.

—Mr. C. Laidlaw has accepted a position as picture framer with Lubbock & Moffatt.

—Jasper Lodge, No. 78, meets at Masonic Hall at 1.30 tomorrow to attend the funeral of the late Bro. Thos. Hourston.

—A black bear is reported to have been seen near Bear Creek, about a half mile from the city limits on Friday.

—Ponoka Herald: The farmers are delighted with the white mantle of snow which covered the landscape this week.

—The funeral of the late Thos. Hourston takes place tomorrow afternoon from the residence of Mrs. Hourston, Tenth street west.

—Mr. Horace Hume, and Dr. Robertson left by small boat for Lloydminster today. Mr. Hume expects to be away about two months, looking after the firm's business there. Dr. Robertson will practice dentistry for a few weeks in Lloydminster.

—Medicine Hat News: The News is in a position to announce that several young men are forming a company with the object of purchasing a small steamer to be used for excursion purposes on the river. Communication has been opened up with several ship-building firms in the East, and the boat will probably be here some time next month.

—Raymond Chronicle: The Knight Sugar Company, of Raymond, Canada, a corporation formed several years ago by Jesse Knight of Provo, and his sons, and in which they own more than 50 per cent. of the \$1,000,000 capital, has just been placed on a dividend paying basis. At a meeting held in this city on Friday, the officials made a report of the company's operations for the last two years, and a dividend of 8 per cent. payable 2 per cent quarterly, was declared.

—Hudson Bay Pioneer:—A. E. Smith, the Government Land Guide for this district met with a bad accident on Tuesday last. He was engaged in hauling a heavy load of lumber across a creek, near Fred Mayle's, when three men off. He fell underneath the wagon and one of the wheels passed over the lower part of his back, but luckily no bones were broken, and although he is badly bruised it is hoped nothing more serious is the matter.

—Wetaskiwin Times:—We regret to announce the death of Mrs. Ivy M. Brown, wife of Mr. T. G. Brown. Mrs. Brown was dangerously ill for about two weeks, and a consultation between the doctors was deemed expedient, but notwithstanding all the care and skill bestowed, death took place on Tuesday morning about 2.30. Mrs. Brown who was well known amongst nearly a year, had endured with her and will be greatly missed.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding "the miners" certificates may obtain entry for mining location. A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The person locating a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T. excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan River claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained. Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except as the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold. The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each five miles of river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable. The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by the position on the first day of August, in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction. The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet, altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$5.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee. Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner. The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; it is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent. of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.
